CARVERS GUILD ANTIQUE MERCURY GLASS is manufactured in house. We offer a choice of three variations on plain glass. Please contact us for pricing for the addition of mercury glass.

OLD MERCURY: The mirrored surface is a little spoiled and pitted more heavily around the edges than in the center—a light subtle effect.

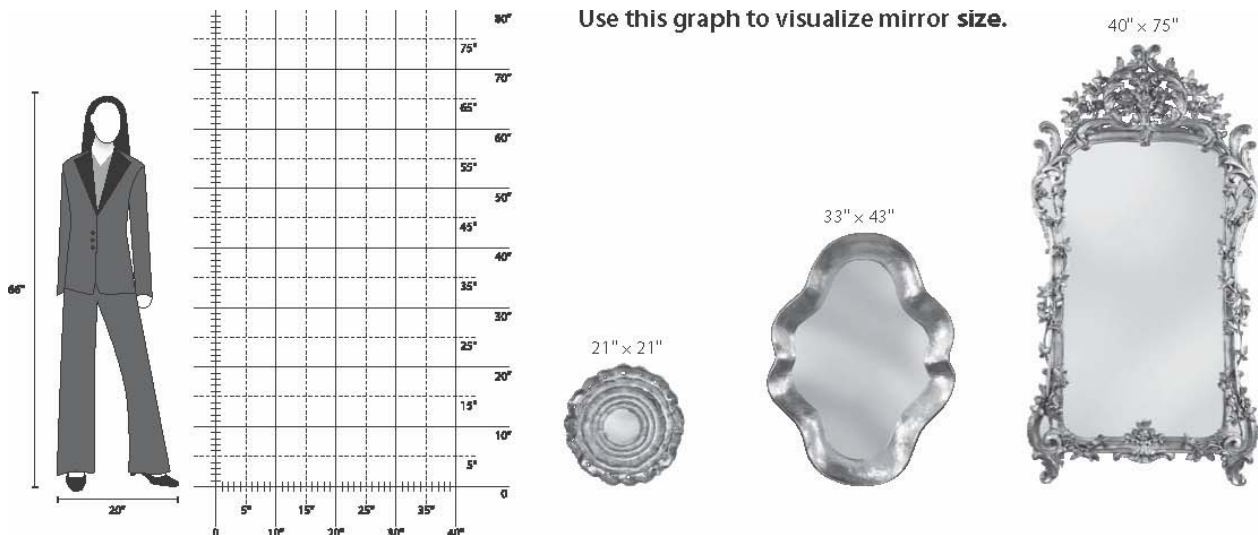

ANTIQUÉ MERCURY: The mirrored surface is spoiled, pitted and smoked—more decorative than "Old Mercury," but still functional.

ANCIENT MERCURY: The mirrored surface is spoiled, heavily pitted and darkly smoked to give a marbled effect—appropriate for small decorative pieces.

A Note about Mercury:

Mercury was used to plate the back of looking glasses until the early 1800s when mercury was replaced by silver to create the reflective surface.

We use silver as our plating material as it is an excellent imitation of the aged mercury glass but without the hazardous chemical.
